

Crime Scene Report: Main Event Area

The main event area has a section of reserved seating right next to the cage. Not much was left behind but in the VIP section on the aisle seat of the third row **[FP_0200]** was retrieved and the texts logged. Opposite the reserved seating block, a table is set up presumably for commentators. Some of their notes were left behind, tagged as **[FP_0201]**, **[FP_0202]**, **[FP_0203]**, and **[FP_0204]**.

About six rows back from the commentary table, in the ringside seating section, **[FP_0205]** was discovered. The contents (**[FP_0206]**, **[FP_0207]**, and **[FP_0208]**) have been photographed and all texts from **[FP_0208]** have been transcribed.

Beyond this not much is left in the main event area—janitorial staff had already cleaned the area and deconstruction of the cage fighting setup had just begun when police ordered the crime scene frozen.
